See detailed Kanmara Forcing Guide.	Aphids, Spider Mites	Botrytis, Powdery Mildew

Comments:

Kanmara should be ringed due to the extreme weight of the huge flowers during time of rain. The flower heads should be supported. They are sold in a 9-in. pot, dormant. Refer to the ballingenuity.com/KanmaraForcingGuide for detailed culture information.

Crop Time (weeks)

10- to 12-inch (25- to 30-cm) Tubs or Baskets:

11 weeks

NOTE: Growers should use the information presented here as guidelines only. Ball Ingenuity recommends that growers conduct a trial of products under their own conditions. Crop times will vary depending on the climate, location, time of year, and greenhouse environmental conditions. It is the responsibility of the grower to read and follow all the current label directions relating to the products. Nothing herein shall be deemed a warranty or guaranty by Ball Ingenuity of any products listed herein. Ball Ingenuity's terms and conditions of sale shall apply to all products listed herein.
